

Woodham v. Schellen, et al 2020-cv-304-LM

NOTED TO FILE NIS

I've attempted to amend my pleading to cure the defects as stated by the magistrate judge. It's not clear whether the district judge considered these or were misplaced by clerk.

2. I've filed timely objection to Rtk which appears to have been lost. I cannot locate this as incarcerated plaintiff.

3. Precedent holds that pro se complaints should not, as a rule, be dismissed without giving the petitioner leave to amend, see Gomez v. USA Fed. Sav. Bank 171 F.3d 794 (2nd Cir 1999).

4. Ideally, I'd like to correct the issue now before taking it to appeal, & wasting the 1st Circuit's time.

5. I have another legal argument which would render these facts clearly a federal question outside the scope of § 1983
